Race Commander Report March 28, 2019

Due to family issues, I have not been able to participate in as many Spring Series activities as I would like. But I have been humbled to watch the members of PRC carry on the support of AYC's racing activities. For spring Series, you may have seen Stu Juengst and Hazel Sanchez conduct PRC briefings with the duty fleet PROs, and Kurt Carson chaired a mediation/protest committee one weekend. In addition, we have experienced club members who volunteer for RC service for fleet events, such as Ray Shull and team, for the J24 circuit regatta.

Governor's Cup RC planning is critical to the success of this flagship, and well-attended regatta. We will need many volunteers.
