From the AYC General Manager  
Jackie Wheeless gm@austinyachtclub.net

---

- The top story of the month/year is that ALL gate clickers will need to re-programmed! Effective Wednesday, August 31<sup>st</sup> the current clicker code will be deactivated and a new code will be initiated. The instructions for re-programming your clickers will be on the AYC website in the GATE CODE section. You WILL need to have your website sign on credentials in order to get to the re-programming instructions. I'll be sending out an email this weekend instructing everyone to check the GATE CODE section of the website for instructions.
- Molly Lewis and I are working with our account manager at Ball People's to find a renewal plan for the employee health insurance.
- There are boats on the grounds that are registered to someone other than an AYC member, I've encountered several of these boats while checking boats in the Dry Out Area and in Dry Storage. I've heard from several members that Texas Parks and Wildlife is gearing up to check registrations for the Labor Day Holiday. The fine for invalid registrations is about \$180.
- Susie McDonald is working on our new and improved and updated Membership Brochure!! Thank you to all who gave feedback on this project! Susie is sending a full size proof of the new brochure for us to touch and feel and give her the thumbs up on before it goes into production.
- The new RV Space by shelter 2 has already seen full occupancy 3 weekends in a row and I already have a reservation for the Ensign Regionals.
- What a WONDERFUL work day last Saturday!!! I can't say enough about all the dedicated workers who showed up and smiled while they worked!!! Thank you Susy Ortega and Robin Drummond for spearheading the Clubhouse Clean and Christ Thompson and Tom Cunningham for directing the Bathhouse Beautification. And let's not forget all the energized and eager members who gave it 100%
- Tom Cunningham and I have spoken with Tom Groll about getting the Waterline Completion Project up and running. Tom Groll is getting his checklist together and will be in touch very soon to get this moving forward.
- We have a new accountant at Jane Allen's office. Susan Atchley comes with a background in Tax Accounting. She's moving to Austin from Dallas and is working on getting up to speed with how and what Austin Yacht Club does.
- Everyone remember.....re-program your gate clicker BEFORE coming to AYC on Wednesday, August 31<sup>st</sup>!!!!!!!
