- Our Financial Statement Review for 2015 is still underway
- I still have lots of UTST apparel in my office for sale (shirts, hats) and also some J22 hats. Also a few of the Turnback sail bags.
- This is the FINAL week of Summer Camp 2016. It's been a long hot 6 weeks but there have been some really energetic happy kids running around the club!!
- The office will be closed this Sunday. I've been working Mondays this summer to support Coleman and the Camp Counselors. Next week my schedule will return to normal, Wednesday through Sunday.
- 2 members were charged an additional fee to have their boats moved back to dry storage once the flood precautions expired. Both boats were located in the field area at the entrance gate. Both members were notified to come move their boats immediately or they would be charged, neither of them came to relocate their boats.
- I know Sailing Director Coleman and Sail Training Commander Bill are reporting on our newest addition to the AYC staff but I wanted to give a big shout out to our new Assistant Coach Gracie Bulgerin!
- Computer issues are still the top story of my life. Our network is being tested and our QB files have been tested. QB support assures me that it is not a QB software problem (they've tested all possible error sources). An IT group is remotely logged in and testing the network and the QB files. Month end statements will probably be a few days late due to this issue not being resolved.
- Tom will be taking some time off in August and my annual trek across parts unknown will also happen either August or September.....I'll keep you all posted!
