

## Building & Grounds Report March 2018

We have had a very successful volunteer work day on St Patrick's day. Volunteers Ray Shull, Charlie Lancaster, John Maddalozzo, Joe Peacock, Kurt Carson, Health Phillips and Tom Cunningham, cut up and removed the abandoned fishing boat left on the point. This was a huge job since the boat was filled with sand, rotten and couldn't be towed. Volunteers and new members Dan Denissen, Duke and Kim Snyder along with Mark Zion, and Jeremy Peters installed new heavy duty shower curtain rods and privacy doors to the shower area in the restrooms.

A big thanks goes to new member Dallas Grant for replacing the old 4' fluorescent light, and installing a track light over the kitchen counter for Opening Day.

Projects will include,

- Replacing the mirrors in the bathhouse with new mirrors and installing new lighting.
- Repairing support posts on the railing for the pool.
- Replacing the water fountain in the clubhouse with a new bottle filling, drinking fountain and hopefully relocating the old fountain downstairs near the ice machine.
- Replacing the couches in the clubhouse with a new teak loveseat, 2 chairs with sunbrella fabric and a coffee table.
- Removing the mesh on the lake side exterior of the clubhouse.

Please plan on participating on these dates: May 19<sup>th</sup>, June 16<sup>th</sup>, Sept 15<sup>th</sup>. These dates are subject to change however we will try and stick to them. Many dates are scheduled a week before major events at the club so we can "spruce it up".

If you would like to be on the B&G committee, or have questions about this, please contact me at: [buildings\\_grounds@austinyachtclub.net](mailto:buildings_grounds@austinyachtclub.net). However you don't have to be on the committee to join us on any Saturday work day.

Respectfully Submitted,  
Diane Covert  
B & G Commander
