Membership cards will be ordered in June. I'll be ordering for all new members who joined after April, 2018. If you're a member who needs a card please let me know by June 15th. These cards are to assist when traveling and visiting other yacht clubs.

The Audit and Tax Preparation for 2018 has begun so if you find me huddled in my office with the door shut, it's because I'm hunting down all the documentation the auditors request.

The Work Area has become quite a busy place. PLEASE be sure that you reserve a space and that you do not erase another member's name off of a space they've reserved. If you're in a space that you have not reserved your boat may be moved out of the work space.

I worked very closely with Linda McDavitt last weekend to help her with the Women's Clinic. It was a HUGE success!!! Everyone had such a good time, learned a lot and were fed like queens.

I'm working on getting final numbers for Turnback Regatta, I hope to have the reconciliation completed by this weekend.

Next up.....Roadrunner Regatta!
