

Board Report
June 2018
Sailing Director
Coleman Terrell

This is the 3rd week of camp so far this summer and everything is going great. I have a great team of instructors and CIT's (counselors in training) helping out and all of the kids are having a good time and learning a lot. We still have spots open in the month of July, so please help spread the word!

Our junior sailors are doing some great things this summer as well! Lucy, Taylor and Julius sailed Flying Scots in Dallas two weekends in a row, and won the Flying Scot Junior National Championship as well as qualifying for the Sears Cup again. They'll be representing AYC in Michigan in August! This year, the Sears Cup is sailed in Lightnings, a boat that they have not had as much practice in. During their trip to the northeast, they'll be trying to find time to practice. So if y'all know of anyone in the New Jersey, Connecticut, and Rhode Island areas that have lightnings they'd be willing to loan out for a day, please get in contact with Jeff!
