Additional Comments: Several Sea Scout Ship 681 members are also members of Boy Scout Troop 234 (Adults & Youth.) There has been a desire for some time to do a dual unit event. While planning the fall program for Troop 234, the Skipper of Ship 681 was asked if we thought a sailing/motoboating "camp" could be held at AYC during December (weather permitting.)

Initial communication to both units has completed - requesting interest levels. There was enough interest to move forward with planning - thus the submission of this FUR.

There are multiple facets of this event, as follows:

- Youth would be taught Small Boat Sailing and Motorboating merit badges from 0900 - 1700 each day
- Several Adults have expressed interest in ASA101, which Harry Polly has indicated his availability to teach
- Adult members of both units would provide cooking/meal services (we do this on campouts all the time)
- Youth and Adults would camp on the grounds
- Some Adults may elect to rent a cabin for the 4 nights
- Higher ranked Sea Scouts would provide instruction
- We would like to make use of 5 - FJ's in addition to our own Ships boats for instruction in Small Boat Sailing. Sea Scout Sailing instructors have either been youth members at AYC or have equivalent sailing experience from other Sea Scout Ships or Clubs (Koch Cup contenders, ASA101 certified, etc.)

Per our conversation at the last Board meeting, after determining the interest level of this event I am submitting

this FUR and will begin detailed planning with Coleman and Bill Records who volunteered at the last meeting to help out.

Chris Schuttger as Skipper of Sea Scout Ship 681 and Don King as Assistant Scoutmaster of Troop 234 are responsible for detailed planning. We are beginning to develop our "Boarding Manual" that contains all detailed information about the event (schedules, training coordination, meal plans, insurance, waivers, safety forms, float-plans, etc.)

End of submitted FUR.
