UT Sailing Club Report – March 2019

As always, thank you to all of the Austin Yacht Club members who have helped support our growth and making us feel welcome within this community.

- We currently have ~40 full members for the upcoming semesters
    - Our weekly turnout most weekends is around 15 members (which is pushing the capacity of our fleet).
    - Currently we have Thursday Night Sails, Saturday Sails and are now much more involved in racing the series races on Sundays.
    - We're planning to re-initiate our practice dinghy race programs on Saturdays.
    - Our main emphasis for this semester has been trying to get members more involved in racing events, specifically participating in race committee roles during such races.

- Our current fleet is 6 Sunfish, 6 Lasers, 3 Hobie 16's, 1 j24, and 1 Catalina 25

    - All of these boats (except for Jolly Bevo, the J24) are in working order and are sailed every week (Our j24 is in Jorge Martin de Nicholas's "lab" being repaired). Many thanks to both him and John Parker for all of the support they have provided in allowing our J24 racing program to continue thriving.
    - Allowing us to crew on the boats of the other members has also been an extremely valuable experience to the UT Sailing Club members. If ever any of the members need assistance in repairing or maintaining their boats, we'd be happy to help.

- We are in the process of organizing a UT Sailing Club Alumni Organization
